

# Tractor/Semitrailer W/Quad group

## Restricted Axle Weights

5 ton road.....Steering = 10,000 pounds	Drive Tandem = 18,889 pounds	Trailer Quad = 28,611 pounds
7 ton road.....Steering* = 14,000 pounds	Drive Tandem = 26,444 pounds	Trailer Quad = 40,056 pounds
9 ton road.....Steering* = 18,000 pounds	Drive Tandem = 34,000 pounds	Trailer Quad = 50,000 pounds

\*Weights up to 80,000 pounds are permitted as long as axle weights are not exceeded.

Distances between consecutive axle groups will determine if maximum axle weights are allowed.

Individual tires may have inadequate sizes or ratings which would not authorize full axle weights.
